
Online courses in Moodle

COURSES FOR DOCTORAL STUDENTS IN MOODLE

You can find many online courses and seminars for doctoral students in MOODLE, with a lot of interesting topics aimed at supporting science and research, suitable for all doctoral students across all fields of study and faculties of Charles University.

DOCTORAL STUDY HUB - COURSES IN MOODLE

List of courses available in MOODLE

Most of the courses listed here are in **e-learning** form, with learning materials available and often with control quizzes. Some other courses are recordings of online lectures.

You can find more information about individual providers and course authors directly in the link.

To enter most of the courses use university access data (CAS username and password - same when accessing SIS). The courses are then directly in the Moodle or prolinked to another course environment (e.g. MOOC).

To access the **Career Management & Entrepreneurship** course in the DocEnhance use Guest login. To access **Coursera** courses, you need to register for a free Coursera account.
