## What is Kampus Hybernská?

Kampus Hybernská is a joint project of [Charles University](#) and the [City of Prague](#), which aims to fulfill the interests of both sides – to **engage in the city development** and to **accomplish the third role** of the university. The **Hyb4City project** is based on the Strategic intent of Charles University, and its realization is assigned to the CKTT. The **main goal** is to contribute to the **cooperation** among faculties and disciplines of Charles University, especially in the areas of **education, research, tech transfer, and innovation**.
