

**Charles
University**

Welcome Day for Ph.D.

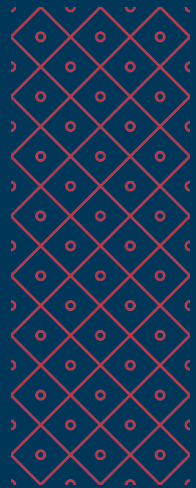

October 1, 2026

Content

1. Introduction to Doctoral Studies at Charles University
2. Funding Opportunities for Study and Research, and Grant Applications
3. Student Support
4. Doctoral Studies from a Student Perspective

Chapter 1

Introduction to Doctoral Studies at Charles University

Mgr. Lukáš Nachtigal

Doctoral Study at Charles University in Figures

- In 2025, a total of **5,882** students were enrolled in doctoral study programmes.
- In 2025, **1,583** applications were submitted to doctoral study programmes, of which **862** applicants subsequently enrolled.
- In 2025, **880** graduates were awarded the Ph.D. degree.
- In 2025, a total of **226** doctoral study programmes were accredited in Czech and **137** doctoral study programmes in foreign languages.

Higher Education Act (111/1998 Coll.)

§ 47 – Doctoral study

- Standard Length of Study (SDS)
- Individual Study Plan (ISP)
- Supervisor
- Subject Area Board
- Award of the Academic Degree: Ph.D.

Higher Education Act (111/1998 Coll.)

§ 91a – Doctoral study income and doctoral scholarship

- Doctoral students in the full-time form of study are entitled to receive a **doctoral study income** throughout the standard length of study.
- This income consists of a **doctoral scholarship**, **salary for work** on activities related to the dissertation project, or a **combination of both**.
- Where a scholarship is awarded, its amount (or the combined amount of the scholarship and salary) must exceed **1.2 times** the national minimum wage (as of 1 July).
- For the 2026/27 academic year, this amount is **CZK 26,880**.

Doctoral Study Income and Doctoral Scholarship at Charles University

- From the 2026/27 academic year, the minimum doctoral study income at Charles University is the **same for both continuing and newly enrolled** doctoral students (faculties may specify additional conditions).
- The award of a doctoral scholarship is conditional upon the **submission of an application**, which must be submitted through the Student Information System (SIS).
- A new application must be submitted **each year**. Any changes (for example, changes in the salary received for work related to the dissertation project) must be reported without delay.
- The doctoral scholarship is paid in arrears as a **regular monthly payment**.
- Following the **evaluation of the Individual Study Plan (ISP)**, where the assessment result is grade C, the doctoral scholarship may be **reduced or withdrawn**, so that the doctoral study income amounts to 50% of the minimum doctoral study income.

Charles University Regulations Governing Doctoral Studies

- 1. Charles University Constitution:** Articles 22a and 22b / effective date: 1 October 2026.
- 2. Scholarship and Bursary Rules of Charles University:** Part II – *Doctoral Income and Doctoral Scholarship* (Articles 18–22) / effective date: 1 October 2026.
- 3. Code of Study and Examination of Charles University:** Part III – *Study in a Doctoral Programme of Study* (Articles 48–64) / effective date: 1 October 2026.

About Doctoral Studies I.

- Doctoral studies are not organised within the ECTS credit system.
- No credits are awarded for courses intended exclusively for doctoral candidates.
- The maximum period of study is **eight years**.

Interruption of Studies

- Not permitted during the period in which the fulfilment of the Individual Study Plan (ISP) is being evaluated.
- Possible on the grounds of parenthood or serious health reasons.

Form of Study

- Full-time / Combined
- Change of form of study possible (opinion of the supervisor and the Subject Area Board).

About Doctoral Studies II.

Study Requirements

- State Doctoral Examination or Dissertation Pre-defence

Transfers Between Study Programmes

- Transfers between study programmes are not permitted.
- It is possible to apply to a new study programme through a new admission procedure (with the possibility of recognition of previously completed study requirements) x reduced period of entitlement to doctoral study income.

Key Stakeholders in Doctoral Studies at CU

- **Supervisor** - Guides the doctoral candidate, recommend relevant literature and sources, etc. The supervisor is appointed by the Dean and may be replaced.
- **Advisor** - Complements the academic guidance provided to a doctoral candidate. E.g. is a specialist in a particular field.
- **Subject Area Board** - Approves both proposals for and evaluations of ISP and responds to requests submitted by doctoral candidates.
- **Head of the Department** - May be invited to comment on both the proposed Individual Study Plan (ISP) and its evaluation.

Individual Study Plan (ISP)

- Study in a doctoral study programme **follows an Individual Study Plan (ISP)**.
- A student in a doctoral programme of study is **obliged to submit** the ISP to the supervisor in the SIS. The faculty may set a compulsory deadline by which the ISP must be submitted.
- The supervisor must refer the draft ISP to the Subject Area Board no later than within two months of the beginning of the academic year for which the student registered.
- The ISP becomes **binding** on the student upon the approval by the Subject Area Board.
- A student in a doctoral programme of study may apply for a change to the ISP.

Individual Study Plan (ISP) - assessment

- The fulfilment of the ISP is subject to regular assessment, which is held **at least once a year**; more frequent evaluations may be prescribed.
- **The evaluation of the ISP is based on the following scale:**
 - A. the student has fulfilled his or her ISP;
 - B. the student has failed to fulfil certain requirements under the ISP or has not fulfilled the requirements in sufficient quality;
 - C. has breached his or her obligations under the ISP in a serious manner;
 - D. has breached his or her obligations under the ISP in a very serious manner; in such case the student has failed to meet a requirement under this Code and his or her study will be terminated

Principles of the supervision

Rector's Directive No. 42/2026 – Benchmark for Supervisors at Charles University provides a more detailed definition of the role of the supervisor and the principles of supervision beyond the provisions of the Code of Study and Examination.

Recommended topics to be discussed with your supervisor:

- | | |
|--|-----------------------------------|
| 1. Expected form of support | 7. Development of specific skills |
| 2. Advisor | 8. Teaching activities |
| 3. Arrangements for meetings with the supervisor | 9. Academic mobility |
| 4. Co-authorship | 10. Publications |
| 5. Additional research projects | 11. Networking |
| 6. Cotutelle arrangements and international activities | 12. Career development after PhD |

Cotutelle

- Concurrent enrolment at Charles University and a partner university abroad.
- Two supervisors and a single doctoral thesis.
- Degrees awarded by two universities (leading to one academic qualification).

The Number of Cotutelle Agreements continues to increase:

- Since 2017, more than 100 cotutelle agreements have been concluded.
- The most frequent partnerships have been established with universities in France, Germany, Belgium, and the Netherlands.

All information, guidance materials, and updates are available at: <https://mus.cuni.cz/>.

Chapter 2

Funding Opportunities for Study and Research, and Grant Applications

Mgr. Nikola Majsniarová

Alliance of 8 universities with the aim of creating **one comprehensive research-intensive to create European university**

Upcoming opportunities for students within 4EU+:

- Student conferences, workshops, research & educational projects
- Joint 4EU+ courses and other learning opportunities in some areas
- Physical (including short-term), blended and virtual mobility opportunities
- Cultural, sports and leisure activities
- Other specific opportunities for students and young researchers

4EU+ Alliance

4EU+ opportunities:
SEED4EU+ 2026-2027
Apply by: **13 October 2026**

4EU+ opportunities:
Visiting Professorships 2026-2027
Apply by: **13 October 2026**

4EU+ opportunities:
4EU+ Roundtable on Career Development
Support for Postdocs
Apply by: **20 September 2026**

University opportunities:
University of Milan Micro-credentials
Mini-grants for Early-career researchers
Apply by: **30 September 2026**

4EU+ opportunities:
Open Access and Beyond: A Practical
Toolkit and Emerging Publishing and
Review Models
Apply by: **30 June 2026**

Flagship 2:
FEED ACT: Hybrid Dissemination Event
Apply by: **15.11.2025**

Keep up-to-date by following the Alliance website 4euplus.eu or its social media

CELSA – Central Europe Leuven Strategic Alliance

CELSA is a network of European universities working together on research. One of the most practical opportunities is the **CELSA Research Fund**.

The idea is not to fund a big project for years, but to **get a collaboration off the ground** – develop an initial idea, generate some results, build a research team, and potentially use it as a stepping stone towards a larger grant such as **Horizon Europe**.

How does it work?

1. You need researchers from at least two CELSA universities
2. KU Leuven must always be one of the partners
3. The funding is designed to help you start a collaboration, rather than replace larger research grants

CELSA universities include:

KU Leuven, Charles University, Czech Technical University, Budapest University of Technology and Economics, Eötvös Loránd University, University of Ljubljana, Jagiellonian University of Kraków, University of Warsaw

COST Actions are:

Open to all
scientific and
technological
fields

Interdisciplinary

Focused on
excellence

Freedom to
propose any topic

Inclusive

Low barrier to
entry

Transparent

Open – join a
network at any
time

LERU Doctoral Summer School

**Univerzita
Karlova**

- Annual event aiming to provide doctoral candidates with
 - unique professional and personal development opportunities beyond what they are generally exposed to in the course of their PhD training,
 - exceptional and truly international, intercultural and interdisciplinary meeting of bright young minds,
 - highly stimulating learning experience which is of long lasting value to the participants' future careers.
- OPEN REGISTRATION: Lund University (13 – 18 June 2027)
- THEME: Approaching Climate Change - Different Perspectives and Methods
- DEADLINE: 11 January 2027
- SELECTION PROCESS: university-wide competition
- MORE INFO: [here](#)

Summer
School's INFO

Erasmus+ Programme (2021-2027)

**Univerzita
Karlova**

Mobility

Study stays or traineeships 2 to 12 months

HEI students can participate in **blended intensive programmes**, combining on-line study and training/team work with short term mobility abroad

More short-term as well as long-term mobility opportunities

Specific opportunities to participate

(in running or new consortium projects at your CU Faculty)

Cooperation Partnerships

Small-scale Partnerships

Partnerships for Excellence

Partnerships and Alliances for Innovation

Capacity Building

Jean Monnet actions

Not-for-profit European sport events

Website: <https://erasmus-plus.ec.europa.eu/about-erasmus>

CU: <https://cuni.cz/uk-39.html>

Erasmus+

Horizon Europe

- Individual, but especially large consortium projects for researchers (PhD candidates invited to join the projects and participate on the research)
- Various scientific disciplines and topics, especially those considered a priority for society by the European Commission
- Provide scientific prestige and funds
- **Horizon Europe** – current EC framework programme for research and innovation, 2021-2027

Website:

https://research-and-innovation.ec.europa.eu/funding/funding-opportunities/funding-programmes-and-open-calls/horizon-europe_en

CU: <https://ec.cuni.cz/ECEN-80.html>

European Research Council (ERC)

**Univerzita
Karlova**

- most prestigious European grants
- PhD candidates invited to join the existing projects and participate on the research
- financial independence for up to five years
- an ERC grant opens doors to the most prestigious European and world institutions
- several schemes:
 - **Starting Grants** 0-10 years since Ph.D.
 - **Consolidator Grants** 5-15 years since Ph.D.
 - **Advanced Grants** (for senior researchers)
 - **ERC Synergy grants**

Website: <https://erc.europa.eu/funding>

CU: <https://ec.cuni.cz/EC-109.html>

ERC projects positions (sometimes they also seek PhD candidates):
https://euraxess.ec.europa.eu/jobs/search?f%5B0%5D=job_is_eu_founded%3A4345

European Research Council

Established by the European Commission

Visegrad Fund

**Univerzita
Karlova**

- **Visegrad Fund** connects the Visegrad Group countries – Czechia, Hungary, Poland and Slovakia, and
- supports regional cooperation between civil society organizations to advance their relations, exchange and share ideas and promote mutual understanding.
- Grants or mobilities within the area

Check opportunities here: <https://www.visegradfund.org>

Ministry of Education, Youth and Sports

MOBILITY Scheme

- The aim of the **mobility** activity is to help establish contacts and develop cooperation between research and development institutions in partner countries by supporting the mobility of researchers cooperating on international research projects.
- Cooperation is currently supported with the following countries: *Argentina, France, Germany, Poland, Austria, Greece, Slovakia, Slovenia, as well as Donau regional cooperation (multilateral projects)*
- The joint research project proposal must usually be submitted simultaneously by the Czech part of the team of its researchers in the Czech Republic and the foreign part of the team in the partner state, in accordance with the criteria set by the support providers.

Ministry of Education,
Youth and Sports
of the Czech Republic

**Univerzita
Karlova**

PART II: Charles University projects and programmes

University Research Centres (UNCE)

**Univerzita
Karlova**

- **Junior researcher teams with a coordinator**
 - Support for PhD students and especially junior researchers
 - Junior: up to 8 years after PhD
 - Junior researcher team: at least five juniors, at least seven in life sciences and natural sciences
 - Students participate, in particular, in the research of the PI and senior researchers involved; sometimes they also do their own research. They are authors or co-authors of a Centre's scientific outputs and publications
- Principal investigator: academic staff member
- **6-year projects (2024-2029)**
- Funds mainly used for junior wages
- Co-operation across faculties
- About 20 centers at CU (<https://cuni.cz/UK-13755.html>)
- Contact: unce@ruk.cuni.cz

Cooperatio

- **5-years programmes (2022-2026)**
- Programme Council: key academic staff at faculties
- for **MA and PhD students**, to some extent also BA students
- purpose is to improve quality of CU scientific results
- covers 43 different scientific disciplines
- **a non-competitive fund**

More information here: <https://cuni.cz/UKEN-1729.html>

GA UK (CU Grant Agency)

**Univerzita
Karlova**

- support for research of MA and PhD students, **1 to 3-years projects**, max. 300 000 CZK/year, academic fields: **SSH, natural sciences, medical sciences**
- possibility to work on your thesis and travel abroad for research
- submission to Rectorate: **from October to November 12th** (**faculty deadlines are earlier!**), results: March/April
- App for submission: <https://is.cuni.cz/webapps>
- Website: <https://cuni.cz/UKEN-753.html>
- Contact: gauk@ruk.cuni.cz

**Univerzita
Karlova**

Primus (Research Programme)

- Opportunity to assemble your own team + each supported Primus project must include, aside from the PI, at least **three PhD students or postdocs**.
- Principal investigator: post-doc, ideally from abroad
- Funding up to 3 million CZK/year
- **4-years projects**
- Usual submission period: March to mid-April
- University “preparation” for ERC/Horizon Europe projects
- Website: <https://cuni.cz/UKEN-558.html>
- Contact: primus@ruk.cuni.cz

Where to look for advice and and support

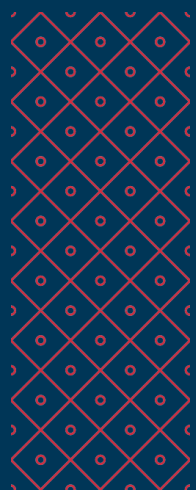

At Charles University

- Faculty research managers and administrators (PhD dept., Research Support Office)
- Research Support Office (central CU RSO, <https://cuni.cz/UKEN-259.html>)
 - European Center (<https://ec.cuni.cz/ECEN-1.html>)
 - support for international cooperation in science and research
 - project center, support in identifying suitable type of project
- 4EU+ Local Office (<https://4euplus.eu/4EU-1.html>)
- UK point (<https://ukpoint.cuni.cz/IPSCEN-311.html>) – career counseling and individual coaching

External resources

- EURAXESS (<https://www.euraxess.cz/>)
- Czech National Agency for International Education and Research (<https://www.dzs.cz/en>)

Educational Portal

Link: [Vzdělávací portál](#)

The screenshot displays the Vzdělávací portál (Educational Portal) of the University of Karlova. The header features the university's logo and name. A search bar is located at the top right. Below the header, a red navigation bar contains several categories: Competence, Support for science and research, Informatics, Law and administration, Economics, finance and accounting, Language courses, and Other education. A 'Requests' icon is visible in the top right corner. A 'Sort by latest' dropdown menu is positioned below the navigation bar. An 'Extended filter' button is located on the left side of the main content area. The main content area displays a list of educational activities, with the first one being a 'Workshop: Scientific Presentations'. This workshop is described as a 'Fulltime' event taking place from '2022-11-21 12:00 - 2022-11-21 16:30' at the 'Rectorate'. The language is 'English', and the venue is 'Hybernska Campus'. A 'Go to detail' link is provided for each activity. An image of two people working on a laptop is shown next to the workshop details.

Chapter 4

Doctoral Studies from a Student Perspective

Alex Mičáň - Czech Association of Doctoral Students

The Challenges and Pitfalls of a PhD and How to Prepare for Them

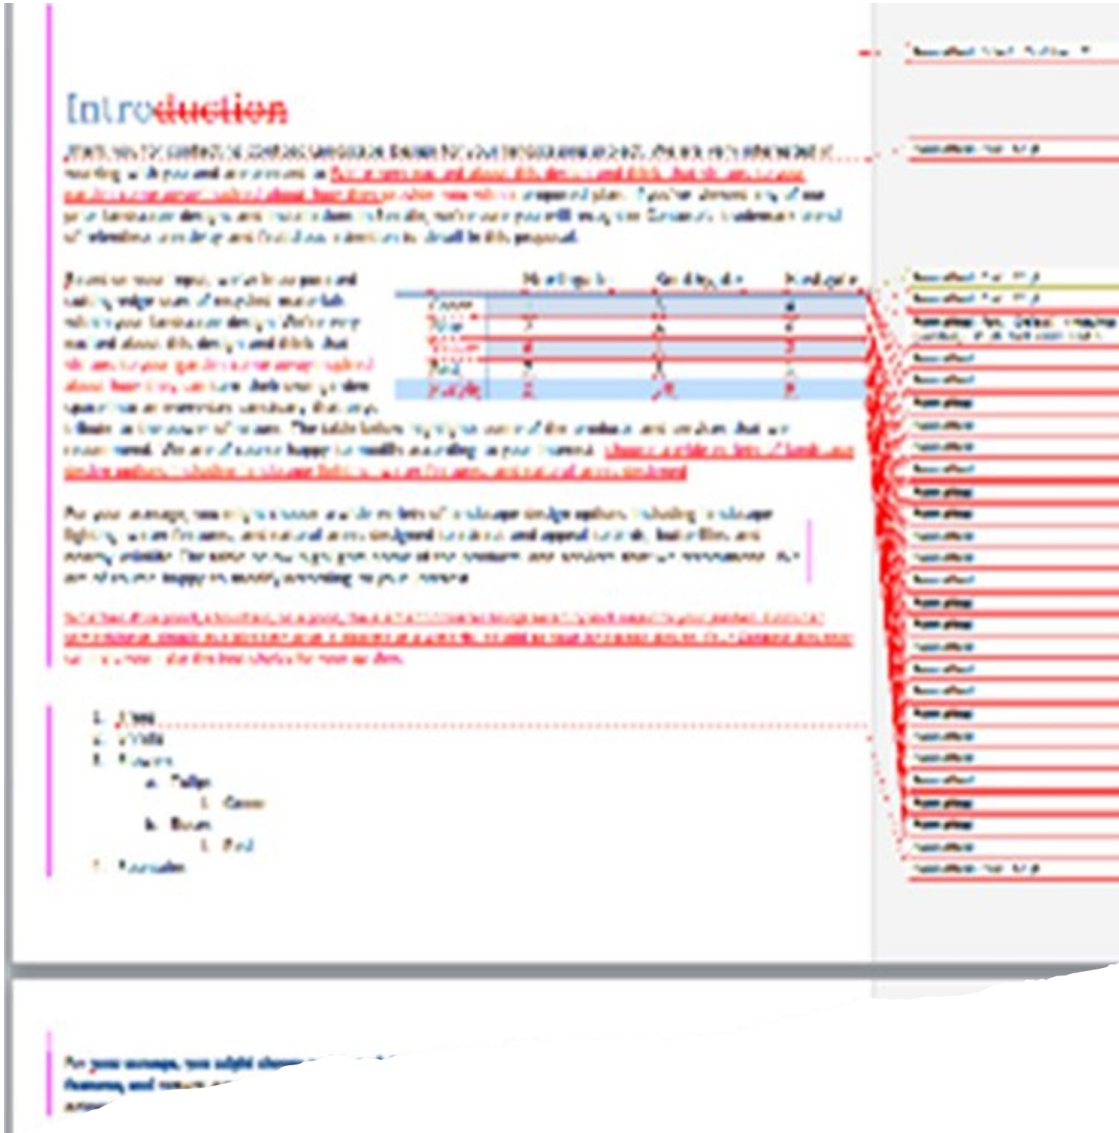

- Long-term realms
 - Unsatisfactory conditions and low success rate (<50% overall, <10% according to plan)
- Addressing PhD Studies at the political level
- Collection and promotion of good practice at national level / abroad
- Financial situation of doctoral candidates
 - Before 2025: minimum at 11 500 (unit amount)
 - After 2025: amendment to the Higher Education Act (stipend linked to the minimum wage changes per year: for the AY 2026/2027 approx. 26-27 000 CZK)

Difficult life of PhDs in the Czech Republic (even after the reform)

- Junior position in the academic hierarchy
- Dependence on the supervisor
- Risk of isolation
 - Due to the fewer people in the academic year
- Workaholism
 - Due to several position PhD Candidates need to hold
- New responsibilities following the reform

Types of feedbacks

Know your rights

- Standard for Supervisors and Consultants in Doctoral Study Programmes at Charles University
 - Opatření rektora č. 42/2026 - Univerzita Karlova
- Standard for Doctoral Supervisors
 - Internal Regulation proposed by Student Chamber of the Council of Higher Education Institutions and the Czech Association of Doctoral Candidates
 - STANDARD ŠKOLITELKY ŠKOLITELE

Mental Health

- PhD Candidates are high-risk group
- Structural Conditions
 - Requirements for excellent research
 - Operating under current conditions
 - Finance, cost of living
- Work-life balance
 - Life out of the academia
 - Sufficient sleep
 - Unresolved, accumulated stress
- PhD as a marathon (fluctuations in motivation are normal)

Prevention of isolation and importance of networking

- You don't have to face this alone!
 - Research collaboration
 - Emotional support
 - Resolution of potential issues
- Identification of non-standard practices
- Exploitation of your weaker position

What to be aware of

- Your Life and Health > Your PhD
- You have the right to respect and dignified treatment
 - Bachelor's and Master's students do—so why not you?
- Things that cross the line, regardless of the field:
 - Appropriation of your work
 - Bullying, workplace harassment by a superior, discrimination
- Supervisor is a subject to change (via Study Programme Board)
- Impostor Phenomenon and Impostor Syndrome
 - https://youtu.be/huYUC04oC0s?si=mFT0OQVpPZx9np_Q

Where to find help

- More information
 - UK Point, workshops and seminars of your faculty, local guidelines
- Mutual cooperation
 - Local PhD Students Group or ČAD :)
- Consultations and lodging in appeal
 - Supervisor, Department, Study Programme Board
 - Vicedean for Research...
- Academic Senate, Ethics Committee, Ombudspersons, Psychological Counseling Center

Why to enter our Association? :)

- You will strengthen the voice of the doctoral community
- The help can be mutual
- Filling the questionnaire is easy and lasts about 3 minutes

- [Czech Association of Doctoral Researchers \(Česká asociace doktorandek a doktorandů\)](#)
[ČAD | Česká asociace doktorandek a doktorandů](#)
- [Facebook](#)
- [ČAD \(Czech Association of Doctoral Researchers\): Company Page Admin | LinkedIn](#)
- [Czech Association of Doctoral Researchers \(ČAD\) \(@phd-cz.bsky.social\) — Bluesky](#)

Thank you!
