
Education of PhD students - Doctoral Study Hub

The Doctoral Study Hub is a platform for all postgraduate students that gives you access to courses, seminars and workshops. The aim of this platform is to help to develop your scientific career and provide information for completing your dissertation.

All courses are offered in the [EDUCATIONAL PORTAL](#) .

- Access instructions can be found [HERE](#) .
- If you have problems logging in, click [HERE](#) .

For better overview and further development, the courses are categorised into five basic headings. New courses and capacities will continue to be added during the academic year.

	Presentation skills
	Information systems and applications
	Scientific and creative activities
	Personality development
	Pedagogical skills

For doctoral students are also offered in the Moodle environment [ONLINE COURSES](#) , where it is possible to choose from a wide range of courses in English.

You can find offer from several [course providers](#) in one place. The individual faculties also provide suitable courses for doctoral students; the offer below is intended to be complementary to these activities.

Note to the courses: The form of the courses depends on the current situation in the Czech Republic and the Ministry of Health regulations.

We hope you find the offer a suitable enrichment in your studies.

If you have a tip on a topic that you do not find in the current portfolio, please email lukas.nachtigal@ruk.cuni.cz or jitka.rychnova@ruk.cuni.cz .

We are looking forward to your feedback!
